

Svetlana Sotak Norfolk Pouch

First broadcast as an Online Interactive Workshop via Zoom on 11.07.20

We're delighted to have the wonderful & supremely talented **Svetlana Sotak** on board for her first *CraftyMonkeys* Workshop where you will learn how to make this beautiful **Norfolk Pouch**, ideal for carrying money, cards, loose change (even a lippy or two!). This is a 'Measure & Cut' pattern (Svetlana's pattern is also available as a downloadable PDF for £5.00 GBP from our *Online Shop*) meaning there's no need for templates as the pattern works best when all the pieces are cut using a Rotary Cutter, Self-Healing Cutting Mat and Acrylic Ruler.

Materials needed for this *Online Interactive Workshop* is as follows:-

1 x Fat-Quarter (FQ) measuring 18" x 21"
1 x Fat-Eighth (FE) measuring 9" x 21"
Fabric A (Main Exterior) - 1 x FQ
Fabric B (Front Side Panels + Wrist Strap) - 1 x FE
* Fabric C (Lining) - 1 x FQ
** Interfacing - 3/4 (three-quarters) yard
Zipper - 8" long Metal or Nylon zipper

* Fabric C - Please choose non-directional print for your lining to ensure your card pockets and the rest of the lining will look it's best!

** SF101 is Svetlana's favourite fusible interfacing. You can however use a different medium weight fusible interfacing if you prefer. You could use *Pellion Fusible Fleece* for the exterior panels if you like your pouch to have more structure and stability.

You will also need the following items:-

1 x Half-inch Swivel Hook
1 x Half-inch D-ring
3 x 6-8mm rivets (optional)

Equipment needed for this *Online Interactive Workshop* are as follows:-

Rotary Cutter
Self-Healing Cutting Mat
Acrylic Ruler
Wonder Clips and/or Pins
Disappearing Fabric Marker or Fine Chalk Pen
Sharp Fabric Scissors
Leather Hole Punch + Rivet Setting Tools (optional)
Zipper Foot for your Sewing Machine (optional)
